

KCBS International Contests

Kansas City BBQ Society

KCBS is a sanctioning body for BBQ contests worldwide. We bring a set of rules and regulations, judging criteria, and a scoring system. We oversee the process to make sure KCBS Rules are followed.

In other words we bring integrity to a BBQ contest.

KCBS International

KCBS International was started in 2010 to expand the reach of KCBS contest sanctioning from the US to other parts of the world.

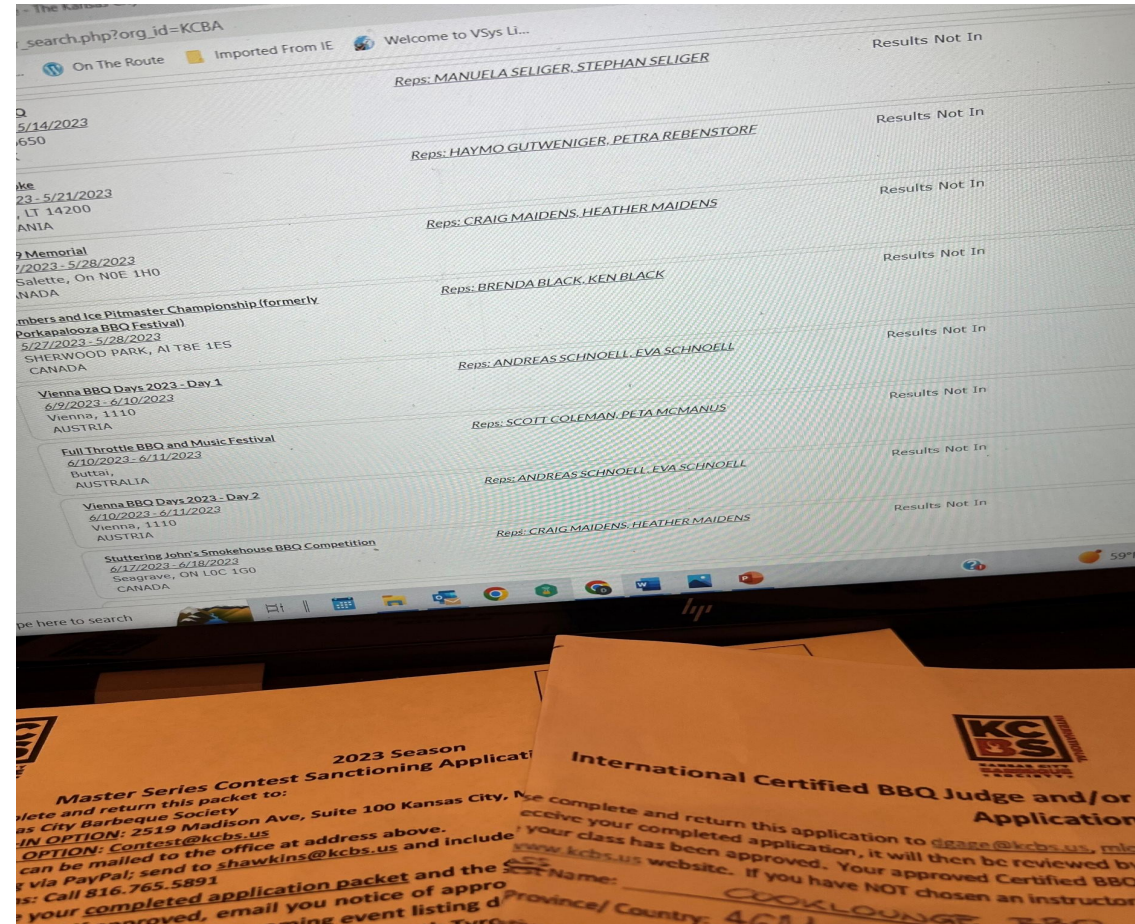

KCBS Members competing in KCBS contests are automatically entered into the KCBS International Team of the Year Points Chase.

Contest winners not only have the prestige of winning, they also are able to gain entry into prestigious contests held in the US-like the Jack Daniels Invitational, The American Royal Invitational and KCBS's own International Invitational.

The beginning of a KCBS contest...

Once a contest is fully sanctioned by KCBS, we will post it on our website and work with the contest organizers- understanding their ideas, helping them to get started and guiding them through the final day of the contest.
